

## Honours and Awards Committee

### Summary Report to Branches/Sections and Standing/Craft Committees

#### Summary

The Honours and Awards (HAC) Committee met by Teams on 15 July 2025.

It is the role of the HAC to annually consider nominations received by the BDA and make recommendation to PEC. This year we received a total of 12 nominations with two nominations for President. The John Tomes medal nomination was peer reviewed by Justin Durham, BDA's Chief Scientific Advisor. He supported the nomination given the strength of the scientific contribution of the individual.

It was the first meeting of the triennium of the Committee. Items for discussion included National Honours, noting that nine dentistry-related honours had been awarded honours in the King's New Year's and Birthday list. The BDSA charity awards, BDA's Joy Harrild Award for Young Dentists and the presentation of BDA's honours and awards were also discussed.

We ask committees and senior members of the BDA to continue to encourage and support nominations for awards as a way of saying thank you to those who go over and above for both the Association and the profession. We also ask that you continue to encourage both contemporaneous recognition and nominations which reflect the cultural, geographical and gender of our membership.

Further information and guidance on the nomination process can be found at [bda.org/about-the-bda/honours-awards](https://bda.org/about-the-bda/honours-awards)
